COMPLAINT ATTACHMENT A

On April 11, 2013, a confidential source (hereinafter CS) working with the Tri-City Metro Drug Task Force conducted a controlled purchase of methamphetamine from an individual positively identified by the CS as the Defendant, Kenneth Richard Rowell, in Benton County, in the Eastern District of Washington. The CS was searched before and after the transaction, and was found to be free of drugs, money or contraband. The CS was surveilled to and from the buy location, where the CS was observed meeting with the Defendant and getting into his vehicle. The CS provided the Defendant with the previously issued pre-recorded buy funds in exchange for purported methamphetamine. At the conclusion of the transaction, the CS provided officers with the purported methamphetamine, which tested presumptively positive for the presence of methamphetamine. The DEA laboratory testing resulted in a determination that the item contained 25.9 grams of a mixture and substance containing methamphetamine, with a purity of 95.1%, and 24.6 grams of actual methamphetamine.
